Bell Brown, colored, aged about 40, died at 4 o'clock yesterday afternoon at the home of Bertha Boyd in West Third street.

Mrs. William Austin has received word that her daughter, Mrs. H. Clyde Levi, who has been seriously ill with typhoid fever, is improving slowly.

John Duley, Agent for Mrs. Robert N. Fryer has sold the brick warehouse on the corner of Third and Sutton streets to the Keystone Commercial Company.

The horse attached to Caproni Bros. delivery wagon this morning took a hike from Second and Sutton to the C. and O. Station entrance, where it fell and gave up the run. No damage.

A meeting of the Republican Congressional Committee of the Ninth District is in progress at Greenup today. The purpose of the meeting is to determine the time and place to nominate a candidate for Congress this fall.

Ladies, have you seen our new line of Belt Buckles, Braclets, Side and Back Combs, Hand Bags, Scarf and Stick Pins, Fobs and Chains, Dress Pins, Hat Pins? These goods are all positively new and stylish. You can see them in our show windows. Call and see them.

P. J. MURPHY, the Jeweler.

John Duley, Agent for S. A. Shanklin, has sold the corner lot fronting 50 feet on East Second street, just East of the residence of Major Thomas J. Chenoweth, to Judge Thomas R. Phister for $1,250. Judge Phister contemplates the erection of a modern residence this summer. There are only two lots left in this plat and they are for sale by John Duley.

GRAND MOONLIGHT EXCURSION.

There will be a grand moonlight excursion on the steamer Bonanza Thursday, July 12th. Sixty-mile ride for 50 cents. Boat leaves at 7:30 p. m. Music, dancing and refreshments. This excursion is given by home parties, and good order will be maintained.

Why not buy a lot and build a home? John Duley has lots for sale.

The Cynthiana Fair, August 1st, 2d, 3d, 4th. Abdallah Park. Trotting. Smittie's Band. Floral Hall.

Deputy Circuit Court Clerk B. B. Pollitt is wandering loose around the country somewhere, and his friends are somewhat exorcised as to his whereabouts.

Saturday while Mrs. Michael Lynch was standing on a step-ladder at her home in East Fifth street cleaning the wallpaper, one of the steps gave way and she was severely bruised by the fall that followed.

Messrs. H. B. Bryson and George Dickey, Postmasters of Carlisle and Cynthiana respectively, were in the city several hours yesterday en route to Greenup to attend the meeting of the Republican Congressional Committee of this District.

With many thanks to those who have so long and so generously favored me with their patronage, I will be under additional obligations to those indebted if they will make prompt settlement of bills, which are now ready, in order that my business may be closed up.

Mrs. L. V. DAVIS.

Not long since James Gantley, who resides near Lewisburg, bought one of Mike Brown's high-class buggies. He placed it in the barn at his home for safe-keeping. Having occasion to use his new and up-to-date turnout—perhaps to take his best girl a ride—imagine his surprise and consternation on running it out of the barn in discovering that some heartless wretch had stolen his new top and replaced it with an old dilapidated one that had been in use for years. When Gantley discovered the condition of affairs—new running gear and body with an old top—he was just too full for utterance, and woe betide the fellow who perpetrated the theft if he had bobbed up at that particular moment.

Mr. and Mrs. William Clark have moved from West Second street and are now occupying the residence lately vacated by Mr. James Dunn in East Third street.

The stockholders of the Union Trust Company will, on Saturday, August 18th, vote on the question of changing or amending the articles of incorporation so as to change the name from the Union Trust Comp a y to that of the Union Trust and Savings Company, to increase the capital stock from $25,000 to $50,000, and thereafter to conduct both a Savings Bank and a Trust Company business.

BUSINESS FOR SALE.

After an active career of forty years, I wish to retire, and now offer for sale the most prosperous Millinery Business in Maysville. Store for rent. None but those with cash need apply. Possession at once.

EXECUTIVE COMMITTEE

Republicans Elect Attorney W. D. Cochran For Chairman

A meeting of the Republican Executive Committee of Mason county was held at the Central Hotel yesterday afternoon, sixteen members were present.

The principal business was the election of a Chairman to fill the vacancy caused by the resignation of Mayor W. E. Stallcup.

Messrs. A. D. Cole and W. D. Cochran were placed in nomination and Mr. Cochran was elected by a vote of 9 to 7. There were six proxies which were ruled out of participation because not properly drawn.

Some routine business of a minor character was disposed of, and it was agreed to make an effort to raise the sum of $150 in the county for the Caleb Powers defense fund.

THE UNION SERVICES

Much Good is Expected to Result From These Meetings

It has been the custom in Maysville for several years during the months of July and August to hold a Sunday night union service in some one of the Churches, but this year the Pastors' Union, after discussion and consideration, concluded to hold each union service this summer in Washington Opera-house.

The first union service last Sunday night demonstrated the wisdom of changing these meetings from some Church to the Opera-house.

The audience was very large and manifested a deep interest in the service.

This meeting was conducted under the management and leadership of the Christian Church officials and workers. Its choir, led by Dr. Smoot, rendered some splendid singing, in which the audience heartily united. A solo by Mr. Pickett Chunn was very enjoyable.

The sermon was delivered by Rev. Preston A. Cave. His theme was, "Jesus is Able to Save Unto the Uttermost." During its delivery the speaker held the closest attention of every one. He was extremely happy in his illustrations and at times very eloquent. This sermon will be long remembered by all who heard it.

The union services will be continued and our citizens will find it worth while to go to the Opera-house on these occasions.

Rev. W. W. Akers of the Central Presbyterian Church will deliver the next union sermon, and a good attendance is expected.

A SALE OF

Sample Muslin Under Garments!

There are probably five thousand stores that would like to get the samples from this manufacturer. His goods are the best in this country. Fine materials, well made, very full, cut to fit the qualifications, and to think at PRICES LESS THAN WHOLESALE. Deep down in our hearts we feel like we should go to every house in Mason county and tell the husband, wife and daughter of this great purchase. We regret that we have not a picture of the store on Friday morning 30 minutes after opening. If we did, it would show you probably 50 ladies with their arms full of muslin underwear, and we regret that we haven't a Victor record to tell you of the happy expressions of the greatest bargains in muslin undergarments ever seen in Maysville. But come. Sale lasts all week, if the goods do; but, of course, the largest variety is first.

EVERY COUNTER IS LOADED WITH BARGAINS.

Walk through the store, see the goods, then look at prices. If you need anything this is the store. If you are not in need, you don't need any store, for we do not think anything is cheap if not needed. Three months of hot weather before us, yet we must turn our attention to winter goods, and soon they will be coming in. Must have the room, and the policy of this store is not to carry any goods over, and we ADHERE to it most strictly.

CINCINNATI is to have an investigation to find out if there's a Laundry Trust. Don't know about that; but if they can beat some that I know consuming starch and tearing up things they're the limit.

THE saloons of San Francisco are in full swing again; but every fellow who gets drunk is forced to go to work on the streets. If that rule were adopted in Maysville, it might expedite matters in West Third.

ONE of the most successful Fourth-of-July "celebrations" was that at Wanamie, a small mining town in Pennsylvania, where five boys were blown to pieces and nine others so badly injured that some of them will die. They had placed powder in a pipe, and it failed to go off. They then forced a stick of dynamite into the pipe and began pounding it. That's all.

THE one thing absolutely necessary to make a State Fair, or any other kind of Fair, a success, is the amount of money spent by those who attend. The only way to have a big attendance, is to have your Fair where it is easily accessible to a large number of people. That being true, the Kentucky State Fair ought to be located permanently at Lexington. Of course Louisville wants it; but there are only 708,005 people living in Kentucky within 100 miles of that city, while within 100 miles of Lexington there are 1,125,344. There ought to be no argument over the matter in the light of these facts.

SO FAR as I am aware, there's no law to prevent MR. BRYAN from making a fool of himself for a third term—especially as there was an intervening term, when Judge PARKER took a shy at the job.

KENTUCKY Justice has a way all of its own. Please note this—

BEATTYVILLE, KY., July 7th.—A Jury to try JAMES HARGIS and ED CALLAHAN for the murder of JAMES B. MARCUM has at last been completed, as follows—

JOHN C. HALL, farmer.
WILLIAM CORNELIUS, farmer.
GEORGE ROACH, farmer.
W. J. EATER, river and mill hand.
O. J. BENNETT, merchant.
FELIX COLE, coal miner.
HARVEY ALDER, farmer.
JOSEPH DURBIN, farmer.
J. T. MALONEY, farmer.
AARON HALL, SR., farmer.
ELLIS T. NEWMAN, farmer.
THOMAS COOMBER, mill hand.

Every member of the Jury is a Democrat, selected from a strong Republican county.

The men in this case to be tried for murder are Democrats, and the murdered man was a Republican.

In the Caleb Powers case, the accused is a Republican, and the murdered man was a Democrat.

So, whenever a Democrat is to be exonerated for killing a Republican, or a Republican is to be convicted on the charge of killing a Democrat, a solidly Democratic Jury is called in to do the job.

A very plain man in Troy has a very pretty daughter. One day she was sitting on his knee right before a looking-glass. She contemplated the reflections of their two faces and then asked—

"And did He make you?"

"Yes."

Looking again into the mirror, she drew a long breath and rejoined, "He must be turning out better work lately, isn't He?"

Beautiful Beechwood.

No one has any cause for complaint of the show at Beautiful Beechwood this week, for one certainly gets value received. There is not a weak spot in the one hour's show. Morris, the whistler, is surely a wonder, and he has an act that is a distinct novelty. The illustrated song is very pretty. Arnold and Gardner's comedy sketch was very laughable and is one of the best skits seen at this popular resort. The Kinodrome pictures are the best yet. "The Dream of the Rarebit Fiend" is screamingly funny. "The Fugitive Apparition" keeps one guessing. "Grandma's Dilemma" is amusing and "The Leap Frog Railway" is something new in the amusement line. Be sure and visit Beechwood this week.

KENTUCKY'S RECORD

National Banks Organized in the State in Six Years

Official figures just given out by Controller of the Currency Ridgely show that Kentucky's record in the matter of organization of National Banks during the six fiscal, years ending June 30th last, was good.

The total number organized during that period in the Bluegrass state was sixty, with a combined capitalization of $4,170,000. Of this number forty-one had capital less than $50,000 each, and the other nineteen each had a capital of more than that amount.

The total capitalization of the smaller banks is $1,050,000, and that of the larger financial institutions is $3,123,000.

During this same period Tennessee only had twenty-nine National Banks organized within her limits, Missouri fifty-two, and all the other Southern states less than sixty each, except Texas, where 330 were organized.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrah, which is nothing but an inflammed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Cold Soda for Warm Folks

Greenland's icy mountains are not colder than our Soda. It is as cold as it can be and be soda; a few degrees colder and it would be ice. DEMOCRATIC SPEAKING

Attorney General N. B. Hays Holds Forth at the Courthouse

The reception accorded Attorney General Hays at the Courthouse last evening was not what might be termed a pouring out of the masses by any means, but those who were present heard a first class speech, even though it was in the nature of an arraignment of the Democratic Machine now in the saddle at Frankfort.

The speaker was introduced by Representative Virgil McKnight in a ten minutes speech that sustained the gentleman's reputation as an orator as well as a Biblical student. What he said was well said and gratifying to his friends.

Mr. Hays has the manner and address of a cultured gentleman, a full and pleasing voice and a thorough command of the English language which he uses with telling effect.

Being a member of the iniquitous household at Frankfort he knows whereof he speaks when he charges them with being grafters and spoilsmen, and his citations and proof at hand were sufficient to convince the most skeptical that what he was saying was true as Gospel.

Among other things he showed up the school-printing steal, where the state was filched of $25,000 in the issuing of three thousand copies. He said the gang paid a henchman $28,260 for what seven high-class printers swore could have been printed for $3,000.

He then touched on the new Capitol Building spoliation whereby an inexperienced architect was given $40,000 for drawing plans and specifications, when one of the most noted architects in the country—one who had built 103 State Capitols and public buildings—had a far superior bid before the Committee agreeing to do the work for $16,000. The speaker substantiated what he charged against the ring by producing letters and papers showing the truthfulness of his assertions.

Were it not that the next Governor will be a Republican, Hays would be the man for the place, for he has the impress and speaks like an honest man.

In the absence of Governer Folk saloon-keepers took off the "lid" in St. Louis county and intoxicating drinks were sold for the first Sunday in a long time.

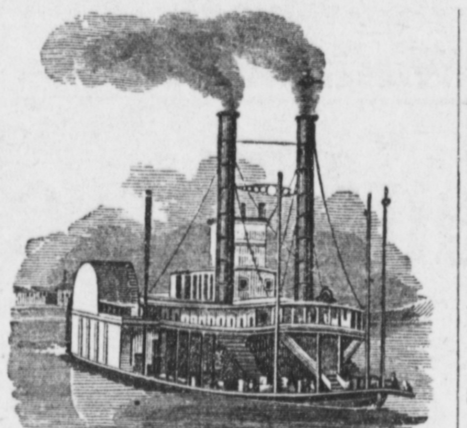
The Government transport Sheridan, en route for Manila, is carrying a great fortune in silver currency for the Philippines. Guarded by Lieutenant Tarlton and thirty men of the First Infantry is a bank roll valued at $11,000,000 and all in paper money. In addition there is on board a shipment of silver valued at $30,000. The gold valuation of the Government money on the Sheridan is $8,515,000.

The Tonnage of the Ohio



Cincinnati Commercial Tribune.

The Board of Engineers, U. S. A., in charge of the improvement of the Ohio, has called upon the commercial, manufacturing and mining organizations and industries for statistics of the tonnage of the Ohio. The significance of the request cannot be overestimated. While the improvement of the Ohio, no less than the improvement of all inland water ways, is demanded especially in the interest of cheap and safe transportation of heavy freights, the speed with which the improvement will be prosecuted depends largely, and not unreasonably, on the value of the stream as shown by statistics of its tonnage.

Unquestionably the tonnage of the Ohio is very great. The tonnage of Pittsburgh for 1905 exceeded 103,000,000 tons—the largest tonnage of any city in the United States. In an address at St. Louis, before the commercial and industrial organizations of that city, Congressman Ransdell of Louisiana said:

"Of this amount—103,000,000 tons—50,000,000 tons were transported by water 1,000 miles at a cost of 80 cents per ton, and 135 miles by rail at a cost of 90 cents per ton. Iron ore is brought down the great lakes 1,000 miles for 80 cents per ton, and to carry it the remaining 135 miles by rail costs 90 cents per ton. Coal is carried for 35 cents per ton for the water route and costs 90 cents for the rail portion of the route. Water transportation, under well governed conditions, averages six times cheaper than by rail."

Not all that enormous tonnage is sent to the South and to the West by the Ohio river. But a very large portion of it seeks the Ohio as its natural route to the West and to the Gulf states. Coal and iron and timber and ores go down stream, and sugar and pulp and other articles come back in barges towed by the steamers that took down the tonnage for the Southern and the Western markets. Adding to the tonnage of the city of Pittsburgh the tonnage of Wheeling, of Marietta, of Gallipolis, of Parkersburg, of Huntington, of Portsmouth, of Maysville, of Cincinnati, of Louisville, of Madison, of Paducah, of Evansville, of Henderson, of Owensboro and of all the ports between Pittsburgh and Cairo, and the great proportions of the tonnage of the Ohio will be appreciated. But the question is not one of appreciation, but of facts, so far as the Board of Engineers is concerned.

With that Board the question is—what is the tonnage of the Ohio? It remains for the commercial, the mining and the manufacturing organizations of the Ohio Valley to supply the information.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

Miss Margret Merkley

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

Don't Be Afraid: It's An Anchor!

A critical moment, but not necessarily a dangerous one if it's an Anchor, because Anchor Buggies have a fifth-wheel gearing, body construction, wheels and shafts that insure confidence in a tight place. Come in and let us show you our line of Anchors. We have special prices for late buyers.

River News

Gage marks 6.7 and rising.

The towboats are having a protracted rest.

Coal tows are being made up at Pittsburgh to come out on the first rise.

The Pittsburgh and Cincinnati packets are waiting for a rise in the river.

No boats are moving at Point Pleasant on account of the stage of the river.

Rivermen at Cincinnati think the river will reach the low water mark of 1881.

The A. E. Woodruff is at work above Cincinnati removing snags and other obstructions.

Guide and retaining walls at Lock No. 1 in the Big Sandy river will be constructed soon.

C. C. Kilburn, a well known pilot of the Ohio and Mississippi rivers, died Thursday last at Covington.

The new towboat Reaper has been finished by the Marietta Boatyard Co. It was built for the A. R. Budd Coal Company of Pittsburgh at a cost of $25,000.

The records of the tonnage of the Monongahela river for the month of June show that about 775,537 tons of coal was taken out of the valley by means of boats.

The J. B. Finley, Coal City, W. W. O'Neil, Iron Age, Exporter, Tom Dodsworth, Alice Frown and Raymond Horner are laid up between Pomeroy and Middleport.

Rivermen are divided on the question of the advisability of erecting a Marine Hospital in Pittsburgh, but Congress has appropriated the money necessary and those in favor of the proposition are delighted.

The big Sprague is laid up at West Louisville, the only big boat of the M. R. C. C. and Company. The John A. Wood is at Cairo, and the others are up the river trying to get to Pittsburgh to come out with tows of coal.

It is expected that Lock No. 2 in the series along the river which is being built at Coriopolis, O., will be ready for use by September. The upper rivermen and folks interested in the event are preparing to make this opening one to be remembered. All river people and those interested are to be congratulated, as it is but another step in the canalization of the Ohio from Pittsburgh to Cairo and thence to the Gulf of Mexico.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Beginning at the Atlantic ports of Halifax and St. John, and running across the continent, through the heart of the mineral, forest and wheat country of Canada, a great new railroad system is being surveyed, is in part already building, with its Pacific terminus at Port Simpson. The new system is the Grand Trunk Pacific, with a main line 3,000 miles in length—easily the greatest railroad enterprise of the Twentieth Century. Doubtless, before the middle of the century is reached, it will be possible to travel by rail, without change, from New York to Berlin, or any other of the capitals of continental Europe.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Maysville.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence?

C. L. Hubbard, employed in Cablish's grocery, Cox Building, and living at 325 West Third street, Maysville, Ky., says:

"As I stated in a testimonial given in 1900, Doan's Kidney Pills brought me positive relief from inflammation of the bladder and a disturbed action of the kidneys. After some time I felt a slight return of the trouble but again used Doan's Kidney Pills and again found complete relief. Now, after nearly five years I feel able to recommend Doan's Kidney Pills with even greater confidence than before. The results of its use in my case have been very satisfactory. I got the remedy at J. Jas. Wood & Son's Drugstore."
